

BAR VEHICLES AT MEMORIAL SERVICE

Col. Peek Announces Parking Plan for Confederate Exercises at Arlington.

Arrangements for the regulation of vehicles in connection with the Confederate memorial services to be held in Arlington National Cemetery tomorrow afternoon, were announced today by Col. William H. Peek, assistant depot officer.

The cemetery will be closed to vehicles during the exercises because of lack of sufficient space for parking purposes. Vehicles may be parked on the Fort Myer drill field.

All vehicles should approach the cemetery by way of Georgetown and the Fort Myer post, and machines should be parked just outside the west wall of the cemetery, opposite the Confederate section, where the services will be held.

The Confederate gate and the main Fort Myer gate will be opened to pedestrians.

All gates on the east side of the cemetery, reached by way of the Highway bridge, will be closed during the services.

All gates on both east and west sides of the cemetery will be opened to pedestrians and vehicles at the close of the services.

TO FOREIGN-BORN TO VISIT CAPITAL

Pupils of Bayonne, N. J., Americanization Class to See Activities of Govt. Here.

Accompanied by Mayor W. Homer Axford and a delegation of prominent citizens, including City Superintendent of Schools Preston H. Smith and Director of Americanization Edward Berman, about 100 foreign born residents of Bayonne, N. J., will leave that city on a special train today for a two-day visit to Washington.

At the suggestion of Raymond F. Crist, director of citizenship of the Bureau of Naturalization, United States Department of Labor, and as a part of the national plan of co-operation between the public schools and the division of citizenship training of that department, trips to the Nation's Capital are to be arranged for the newly-made citizens graduating from the Americanization classes, in order that they may witness the activities of their Government here.

It is intended that these visits shall be made at a time when the House of Congress shall be in session, and with this in view the Bayonne trip, which is the first of the series, was originally planned for the week of May 23, but was postponed because of the railroad situation at that time.

Arrangements for the reception of the Bayonne party are in the hands of Mr. Crist and Congressman Cornelius A. McGinnis, representing the district of which Bayonne is a part. The pupils of the local Americanization classes which are conducted under the supervision of Miss Maude E. Alton, will assist in the program which is planned for the entertainment.
